## FOREWORD

During the past 12 months the world economy has suffered its most turbulent period in living memory. The Global Financial Crisis (GFC) had the potential to roll back the development gains of recent years. Through careful economic management we avoided the worst impacts of the GFC but the impacts will linger for some time yet.

The challenge for 2010 National Budget is to manage the recovery while maintaining our focus on poverty reduction and minimizing social impacts. Our natural talent as Tuvaluans, to confidently guide our canoes through heavy surf has again been called upon. As we sail through these stormy seas; we recall what our ancestors said *“just let it pass and sail on, always remember that calm seas never make skillful sailors.”*

The Budget is the document that steers the course set by *Te Kakeega II, National Strategy for Sustainable Development, 2005-2015*. The 2010 National Budget maps the priorities for the upcoming budget year and the program budgeting approach guides the implementation of our programs. All the time we will track our progress by assessing our results to see whether we are heading for our eventual destination of a better life for all Tuvaluans.

While we have navigated the GFC with skill, we have felt some impacts. The biggest impact has been on the performance of the Tuvalu Trust Fund (TTF). Because of the turmoil we expect no distribution from the Tuvalu Trust Fund for at least the next two years. Despite this, our cash reserves in the Consolidated Investment Fund (CIF), accumulated during the years of smooth sailing, will help us maintain our course for the next couple of years.

In the 2010 National Budget Total Recurrent Revenue is forecast at \$24.9m. This comprises \$6.4m from Taxation, \$5.6m from Fishing Licences, \$2.2m from dotTV, \$6.9m from Grants, \$3.2m from Marine and Other Charges. Meanwhile Total Core Expenditure (recurrent expenditure and Special Development Expenditures, or SDEs) is estimated at \$32.6m. This comprises \$28.8m of Recurrent Expenditure, \$3.8m for SDEs.

In line with the Government's priorities the Ministry of Education, Youth and Sports remains the highest recipient of recurrent expenditure under the 2010 National Budget with a share of 21.2%. This is followed by the Ministry of Communication, Transport and Tourism with a 14.4% share and the Ministry of Health which receives 13.9%. The vast majority of our SDE expenditures will go to the island communities with over \$2.0 million in Government expenditure on projects, reinforcing the importance this Government places on these communities.

The underlying deficit is therefore \$7.6m and the adjusted deficit after the effect of \$4.5m sustainable drawdown from the CIF is \$3.1m. Fluctuations in the exchange rate, particularly the recent appreciation of the Australian dollar against the US dollar, present major risks to the budget given many of our revenues are denominated in the US dollars. The Ministry of Finance and Economic

Planning will endeavour to prudently manage our budget-implementation phase during this difficult period so that the benefits due to the next generations should not be compromised.

Finally, I acknowledge with sincere gratitude the support and assistance rendered by each line ministry, members of the Development Coordination Committee (DCC) and my fellow Cabinet colleagues for their invaluable contributions put forth in shaping the Budget. I wish to also express my heartfelt thanks and appreciation to the staff of the Ministry of Finance and Economic Planning especially members of the Core Budget Team and staff of the Planning and Budget Department who worked tirelessly in framing this 2010 National Budget. Fakamaloo Fakafetai for your professionalism and a job well done.

I am hereby proud to present the 2010 National Budget for the Government of Tuvalu.

Tuvalu mote Atua.
